ONE MILLION DOLLARS WAR LOAN OF RICHMOND TO U. S.

That Richmond has loaned Uncle Sam the sum of upwards of a million and three hundred thousand dollars is the statement made by Chairman Charles J. Crary when he submitted to the press today his statement of returns from the Third Liberty Loan Drive, which just closed. He also imparts the gratifying information that Richmond has more than doubled her liberty loan quota of $257,500.00 as shown by the following figures:

Amount subscribed by Bank of Richmond, $27,500.00; Number of subscribers, 295.

Amount subscribed by Mechanics Bank, $281,900.00; number of subscribers, 3122.

Amount subscribed by First National Bank, $281,050.00; number of subscribers, 3294.

Total amount subscribed, $590,450.00; number of subscribers 6711

This means that at least every fourth person in Richmond has bought a Bond which is a splendid record and probably better than any other city around the bay. Figures given below indicate the records of some of the factories in Richmond:

Standard Oil Co. 2875 employees; 2920 subscribers; 99 per cent; amount subscribed $210,400.

Pullman company 386 employees; 286 subscribers, 100 per cent, amount subscribed $24,050.

Santa Fe company 590 employees; 590 subscribers; 100 per cent; amount subscribed $47,200.

Giant Powder company, 226 employees; 226 subscribers; 100 per cent; amount subscribed $18,050.

Western Pipe and Steel, 146 employes; 127 subscribers; 89 per cent; amount subscribed $7,300.

Stauffer Chemical company, 26 employees; 26 subscribers; 100 per cent; amount subscribed $1,500.

LINDENBERG GIVES BAIL TO ANSWER FEDERAL CHARGE

SAN FRANCISCO, May 10.—E. G. Lindberg, former Richmond street car employee, now a private in U. S. army, accused by the Federal grand jury of having sent poison candy to himself to reak vengeance upon Mrs. Alice B. Malone of Oakland, with whom he had been friendly, has been placed on $2000 bail by Judge M. T. Dooling pending trial. When arraigned on the charge, Lindberg had no attorney and the case was continued for a day.

Following the receipt of the candy by Lindberg, Mrs. Malone was questioned by Commissioner Thomas Hayden. Assistant United States Attorney Caspar Ornbaum became convinced that Lindberg had sent the candy to himself in order to vent his spite against Mrs. Malone. He was thereafter indicted by the grand jury.

LIBERTY BOYS FALL IN WAR WITH HUN IN FRANCE

OAKLAND, May 10. — Two more San Francisco bay men have fallen under the enemy fire in France. The casualty list issued today by the war department contains among the killed in action the name of Lester R. Luninghouse, of 133 Moss avenue, Oakland. Frank Fred Devereaux, 786 Eleventh street, Oakland is listed among the severely wounded.

Ludinghouse was an electrical engineer, 28 years old. He is survived by his father G. L. Ludinghouse, and a sister, Doris. Ludinghouse was drafted and departed from Oakland November 2.

Because of the great need for technical men he was sent to France almost immediately, arriving there less than a month after leaving Oakland. He was attached to the signal corps.

In a letter received recently by the family, dated March 15, Ludinghouse said he had been in a rest station since February 2, suffering from shell shock.

Ludinghouse was born in Antioch. He was a graduate of the Oakland High School. In 1916 he was graduated from the Electrical College of Engineering. Until a short time before he was drafted Ludinghouse was engaged on railroad work in Southern California.

Devereaux is 21 years old and enlisted last July in the signal corps. He is an electrician. His mother, Mrs. Elizabeth Devereaux a widow, said today that she had not heard from him for several months and was not aware he had been sent to France.

BOOTLEGGER AT CROCKETT IS CAUGHT WITH THE GOODS

MARTINEZ, May 10.—Frank Pecone, a rancher living near Crockett, is under arrest accused of smuggling liquor into the dry zone surrounding Mare Island Yard. District Attorney Johnson has notified the Federal authorities and it is expected that Pecone will be taken to San Francisco.

The arrest of Pecone, the first for this offense since the dry zone was established was due to carelessness on his part and keen vision on the part of Constable John Fox. Pecone believed that the hay in his wagon completely covered a five gallon demijohn of wine. Fox, however, spied the veriest tip of the container's neck sticking from the hay and the arrest resulted.

SUBMARINES BOTTLED UP AT OSTEND U-BOAT BASE BY BRITISH NAVAL FORCES

Great Britain's naval triumph of April 23 at Zeebrugge, when this important German submarine base on the Belgian coast was apparently blocked by the sinking of concrete laden ships during a daring raid, has been virtually duplicated at Ostend, another valuable base for the U-boats just to the east. The feat was accomplished by the sinking last night of the old cruiser Vindictive, likewise filled with concrete across the entrance to Ostend harbor.

Ostend was originally attacked for this purpose at the same time as was Zeebrugge, but the blocking vessels sent in there were turned slightly off their course and the success was not equal to that attained at Zeebrugge.

The operations began with a view to closing these two ports the admiralty announces, have now been successfully completed.

FOE'S DANGER INCREASED.

The importance of the blocking operations lies in the fact that if they have been as successful as is believed and the Germans have been deprived of both their Belgian bases, they will now be forced to revert, for some time, at least, to their own home ports as starting and returning points for their undersea raiders. These craft would therefore have to traverse far longer, more difficult and more dangerous routes to attain their cruising grounds, with the consequent increase by many times the chances of their being turned back or destroyed.

The land fighting of last night also brought success to both the British and the French. In the case of the former the action took the form of a British counter attack upon the bit of ground the Germans took yesterday in the Albert sector northeast of Amiens. Field Marshal Haig's troops gained a complete victory, restoring the position intact and taking some prisoners. NEAR U. S. SECTOR.

The French success was still more important, as it represented a net gain of ground for the allies on the Somme front. In an intensive operation, heralded by a brief skirmish, the French captured Grivesnes Park, five miles north of Montdidier, and held their own there against counter fire by the Germans, taking 250 prisoners during the fighting.

The Germans held an important section of this park, which adjoins the town of Grivesnes on the east and is just to the north of the sector where American troops have been reported fighting in the Picardy battle.

OUR BOYS IN BATTLE ZONE ARE ANXIOUS TO MEET THE GERMAN FOE

WITH AMERICAN ARMY ON THE FRENCH BATTLEFIELD, May 10.—Standing shoulder to shoulder with the French on the Picardy front, the allies are tensely awaiting the new boche offensive. A return of pleasant weather coupled with military observations indicate early attacks.

The doughboys say that the attack cannot come too quick for them. They are in the pink of condition and tough as leather. The artillery and machine gun units are trained to the minute. The infantry is itching for a scrap and are full of confidence. French are full of admiration, but this feeling is mutual.

An American officer remarked:

"The Heinies that clash against the section of the line held by the Americans will find tough going. The physical fitness of the Americans is much admired by the French officers."

The fact that the Germans are screened only by hastily constructed trenches and shallow pits is hailed as an advantage for the Americans.

The Americans are indifferent that they are at the same disadvantage as the Germans.

The Americans say that the Germans lose their punch courage when they are out of their trenches. The Yankees call the Germans "sewer fighters."

Both sides are crouched like tigers ready for a spring across the narrow strip of freshly tilled ground between the hastily laced wire protecting the front lines.

The "chow guns" portable cooking stoves) are kept under cover and the bread is stacked about in corners like cordwood.

A majority of the civilian population was driven out by shell fire but there are a few grandmothers in white bonnets and blue

CALIFORNIA WILL SEND 20,000 MEN TO ANSWER DRAFT CALL

WASHINGTON, May 10.—State quotas in the second draft of 800,000 men were announced by Provost Marshal General Crowder today. The draft will take 39.731 per cent of the total number of men in class 1 in each state.

The whole number now in class 1 is 2,421,490. This number is expected to be materially increased, however, when the deferred classes have been combed through for persons listed in them through lax action by district boards. The California quota is 19,846.

DEATH OF BABY BOY

James, infant son of Mr. and Mrs. George H. Stade, 312 Bissell avenue aged 2 days, died yesterday and the funeral took place at the family home this morning at 10:00 o'clock, Rev. Calfee officiating.

The funeral of the baby was in charge of E. B. Smallwood. The remains were interred in Sunset View cemetery.

NIGHT RIDERS NEAR WALNUT CREEK HAZE RANCHER

MARTINEZ, May 10.—Investigation is being made by the district attorney's office into a complaint by George Stricker, a rancher living at Walnut Creek, that he was set upon by seven masked and armed men last Friday night, who forcibly removed him from an automobile took him to an oak tree nearby and slipping a noose around his neck, told him that unless he purchased $500 worth of Liberty bonds he would be hanged. Stricker promised and was allowed to return home.

He made good his promise the following day and then reported the matter to the authorities. He says he will also lodge a complaint with the federal authorities in San Francisco. Stricker is a German, but is said to have taken out his first papers. According to District Attorney T. D. Johnston, he has had complaint that a nephew of Stricker, who is in the United States, and who used to live with Stricker, said that he could no longer live with his uncle on account of his pro-German sympathies.

TO THE FOLKS AT HOME

There is an editorial in "The Spiker," official publication of the 18th Railway Engineers, Somewhere in France, that every American ought to read; there is no exaggeration in the article and maybe it will wake up some persons who seem inclined to believe that we ought to slap Germany on the wrist and say "Naughty! Naughty!" instead of developing the real hatred against them that they have earned. Here is the editorial, addressed "To the Folks at Home:"

Samuel J. Kirkwood, Secretary of the Interior in the cabinets of Presidents Garfield and Arthur while War Governor of Iowa in the year 1861, made a speech from the steps of the old Capitol building in which he said in substance:—

"These are troublesome times and there are traitors and spies in our midst who would destroy this Union. If any man in this State is a traitor to the cause or insults the flag, shoot him in the act, or the uttering of the word. I am the Governor; your pardon awaits you."

What the United States needs at the present time is fortyeight War Governors like Samuel J Kirkwood.

As a people we have too much ago in our Cosmos. We do a big thing in a big way, but frequently neglect the details. Just now we are on the biggest job the world has ever known, and it is up to us to get down to the materialistic and utilitarian.

We who are in France and those who are to follow have no [illegible] the months of toil and [illegible] that lie before us,—but do want to know that the [illegible] and traitors who are seeking to block our avenues of supplies and munitions shall not succeed.

Alien enemies should be watched and accounted for. For three nights the writer was with a French Patrol in one of the largest cities in France, that made the rounds from 10:30 p. m. to 2:00 a. m. Different patrols started in different directions from a central base and literally fine combed the city. Sleepers in the parks were routed out; hotels and lodging houses were invaded, pedestrians were held up and each was made, civilian and soldiers alike, to show his credentials. In centers of population this is the rule in France. France is original and efficient in her methods.

For years Germany permeated the earth with her spies—both military and commercial—who preached German efficiency and took observations on the side.

Germany pioneers in nothing but robbery, murder, rape, arson and Kultur.

France gave the world a Pasteur who laid the foundation for modern medicine, and ever since Germany has been giving the bugs a merry chase—and calling it German efficiency.

Italy gave the world the wireless, and from the day the first word jarred the virgin eons of the atmosphere, Germany has been setting up great wireless stations on alien shores for the avowed purpose of destroying Democracy.

The United States gave the world an Edison—a wizard with a thousand wonders, a Holland with the first submarine which Germany refused to buy but stole outright, he Wright Brothers the first pioneers of the air. Germany took up the wondrous deeds of these and other great men, dressed them in German clothes, and said to the world: "Behold! we are efficient,"—and said it so often the world came to believe it. She hired our newspapers to propagate her Kultur and pave the way for what has happened.

And, Folks at Home, keep your eyes ever and anon on the newspapers and men who before the war favored the German cause.

The jingle of the dollar helps the hurt that honor feels,—"The voice was the voice of Jacob, but the hand of Esau."

A mother in Belgium saw a German approaching her home She hid her children. The German demanded supper, lodging and breakfast. His wants were satisfied. In the morning to the surprise of the good woman, he paid her. She said: "How strange,—I thought all Germans were bad. I am pleased to know that you are a gentleman. Do you know when I first saw you I hid my children?"

"So?" replied the German, 'I too have children. Let me see yours."

Whereupon the fond mother called up the treasures of her heart from the cellar, only to see them both shot dead at her feet.

In the hiatus of her grief she told the story to her neighbors,—but now she tells it to the bars of her window in a madhouse.

This number of "The Spiker" will go to many of you, "Folks at Home." Take it to the local paper of your town and ask to have this article reprinted together with the name of the man who sent it to you.

Folks at Home, we sent you greetings! Our fiber is good, and it is your fiber. We will each and every one do his best and do you the same. And when we return we won't be afraid to look you in the eye, take you by the hand and say "Howdy."

IT'S A HIT ALL RIGHT

Don't overlook the fact that China is also fighting the Hun. She isn't putting into it much, if any, man-power or gun-power but she's striking some heavy blows along the line of high finance. Under treaties, she has bounty to pay Germany and Austria about $375,000 annually until 1931, as indemnity for the Boxer uprising. Declaring war on the central powers, she cancelled all treaties and quit sending the monthly installments of the indemnity.

Go to it, China. If you can't hit the Hun on the head, hit him in the pocketbook.

Now they've given Emperor Charles' mother-in-law twenty-four hours to leave Austria. Fellows, Charles got it through simply writing a letter to his wife's brother.

Those who are dismayed at the prospect of getting no flour at all until the new wheat crop comes in find some comfort in the fact that wheat does not wait like other crops for Autumn.

THE W. C. T. U. of Richmond would like to assist any girl that needs help who will either write or come to see Mrs. G. Wallin, 634 Fifteenth St., Richmond. tf

Stomach Trouble Cured

Oakland, Oct. 2, '17
My stomach was my master for many years. I ran a clerk in the office of the lumber department of the S. P. Co., and after every meal I had an annoying, grating sensation, together with an empty feeling in my stomach. Through lack of nourishment my health was broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation. Then a fellow employee who had received a great benefit by drinking the FONG WAN CHINESE HERBS suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

HOUSE WARMING PARTY AT THE CALFEE HOME

Although the family of Rev and Mrs. D. W. Calfee have lived in their present home for several months the home has never been really and truly dedicated, so a number of the friends of the popular couple congregated there yesterday afternoon and had a delightful time. The visitors were composed for the most part from the Laidies Aid of the First Methodist Church.

A pleasing program was enjoyed. It consists of vocal numbers by Miss Vesta Gillette, Miss Althea Townsend and Miss Vera Childs; piano solos by Miss Freda Moyle; various games, readings by the members, and delicious refreshments.

Mrs. Calfee was presented with a beautiful cut glass vace, presentation being made by Mrs. J. K. Gillette.

Those present were: Mrs. C. Bradley, Mrs. J. K. Gillette, Miss Vesta Gillette, Miss Frieda Moyle, Mrs R. N. Wood, Mrs. H. A. Grover, Mrs A B Childs, Mrs F. Neville, Miss Vera Childs, Miss Althea Townsend, Mrs. H. G. Stidham, Mrs. F. Cox, Mrs. C. E. Adams, Mrs. J. O Weston, Miss Neville and Rev. and Mrs. Calfee.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomain-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with a taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Advt.

VIVIAN MARTIN IS STARRING AT RICHMOND

It is a well-known fact that dainty Vivian Martin's indefinable charm has made her everybody's friend.

In her newest Paramount Picture, 'A Petticoat Pilot," which is at the Richmond theater on today and tomorrow she has succeeded in drawing a mervelous picture of her heroine from the days of pig-tailed gingham to winsome young ladyhood, and her delightful impersonation will steal away your hearts.

"Mary 'Gusta," the heroine, is adopted by three old Sea Captains back on Cape Cod, whom she calls her "uncles," and every day she becomes more and more necessary to their happiness. Then comes the realization of her love for a young Harvard student—the son of a defaulting partner of her "uncles." The father of her suitor had not only run away with the bride of one of the partners, but had taken all his money into the bargain. When the old gentleman learns of "Mary Augusta's" infatuation for this boy, their bitterness is only increased, but a turn in the wheel of fate causes them to decide that the happiness of the young people must not be spoiled and all ends well.

Many of the scenes in this photoplay are laughable in the extreme, and throughout the entire production the pungent, spicy odor of the salt air of Cape Cod seems to furnish a background of wholesome reality.

CLOSING HOURS FOR STORES TOMORROW EVE.

Stores will close tomorrow evening, the same as last Saturday evening that is to say grocery stores will close at 8 o'clock and dry goods and clothing stores at 9 o'clock. This only applies, of course to the stores belonging to the Merchants Association.

MOTHERS DAY TO BE CELEBRATED AT CHURCHES

Wear a rose or carnation for mother on next Sunday and attend one of the churches on that day, for next Sunday is Mothers' Day all over this broad, fair land of ours. The day will be commemorative of our mothers and in every church in the city and the nation the people will gather to pay tribute to her who is more to us all than all the world beside.

All of the churches of Richmond are preparing special Mothers' Day programs and if you do not go to church any other day in the entire year, make it a point to be at church on next Sunday in honor of the mother who bore you.

"IT'S A DUTY TO WEAR CHEERFUL CLOTHES THESE WARTIMES, NADIA"

"Glum, drab clothes don't help the situation any these days of stress and worry. I have solved the problem of being cheerfully dressed, and buying bonds and thrift stamps at the same time. I use my credit! Seems to me credit's a bigger asset these days than ever before. For instance, here's an example: When I want anything now, instead of pinching for weeks to get the price, I jaunt up to Cherry's, pick out what I need, and pay later. A little each week as I get paid—such a small amount I hardly miss it, yet I have the wear of the clothes all that time. Try it yourself—and see what a difference it makes." Cherry has two stores—A Woman's store at 1415 13th, and a Men's Store at 528 13th St., Oakland—Advt.
